Subject: Swale Grass

Good Morning Brenda,

Would you please provide Jim and I the name of the Code Enforcement Officer or department that issued the mandate to Van Loon, to remove the Swale Grasses from our retention basins.

Jim would like to review all municipal ordinances as related to Van Loon, including any citations issued in the past 3 years.

Again please forward to Marge Cohan as appropriate. We have not yet received any response, from anyone on the Board to our December 18, 2015 inquiry regarding the estimated "taxable" year end income for Van Loon, and thus, still do not have her contact info.

The last time we checked on the official Van Loon website, or the Associa portal, only a year Balance Sheet was posted and it did not appear to include this information. With the Board urging owners to vote a certain way, the amount of taxes expected should be included.

(Suggestion: Include a vote for the other option of reducing 2016 assessments with unspent 2015 dues)

Have a great day and thank you,

Cathy & Jim Hutton
